

Want some Equifruit Fairtrade bananas for your next event?

Terrific: we're so glad you reached out to us. We at Equifruit are keen to partner with other people who share our values and want to help us get the Fairtrade message out.

We get a lot of requests, though, and because we're a small company, and each request has a financial & time cost for our team, we want to make sure first that we're a good match.

Please complete this form and send it back to us to info@equifruit.com, and then we'll be in touch.

Basic Logistics:

- 1) Are you in Ontario or Quebec? For the moment, our distribution is limited to these two provinces. Please give us the address of the event:
- 2) When is your event? Please note that we require a week's notice to arrange donations.
- 3) We can't put bananas in the post, and in most cases, we don't have the resources to deliver fruit to your event. Do you have someone with a car who can go to collect bananas from a store / distributor?

The Event:

- 4) Which group / entity do you represent?
- 5) What event do you have in mind?
- 6) How many people do you estimate will attend?
- 7) How many bananas are you requesting? Note that we donate by the case (40 lbs = +/- 100 bananas)

The Motivation:

- 8) How are you going to promote Fairtrade using Equifruit bananas at your event?
- 9) Is there a platform for someone from the Equifruit team to speak about Fairtrade at your event?
- 10) Equifruit requires mentions on social media and tags on all photos with our product at your event. How do you plan to promote your event?

The Bells & Whistles:

- 11) We have 2 smoothie bikes: one in Montreal and the other in Toronto. These are too bulky & costly to ship – but if you can collect them, and are prepared to sign a short contract to cover the cost of any damage to the bike which might be incurred at your event, we might be able to make a deal. Are you interested in a bike and feel able to comply with these conditions?
- 12) We have a number of banana suits which we can send out to you, but require you to foot the bill to send them back. Do you need any of these to help give your event a little spark?

We look forward to working with you to build awareness of Equifruit, Fairtrade – and to help Canadians thinking about responsible consumption.

Many thanks from the whole Equifruit team!
